

SWAMP JURY STARTS INSPECTION OF DISTRICT

IT IS NOT EXPECTED REPORT WILL BE MADE UNTIL DECEMBER.

SELECT FOREMAN AND CLERK

Must Report To Court Next Wednesday On Progress Then

The jury in the Inlet swamp drainage district case left at 9 o'clock this morning in a motor truck for Amboy and will start in at Binghampton, the lower end of the ditch, and follow it to its head in Alto township, viewing the lands against which assessments have been made and determine benefits to be derived by each tract. The objections of land owners will be investigated and passed upon. With favorable weather the jury can cover much ground in a day but it will probably take a week to inspect the entire district. On returning to this city the jury will go over the assessment roll compiled by the commissioners and make such corrections as they believe justifiable. It will require a number of days to revise the roll so it is hardly probable the jury will report before the first or second week in December.

Selected Officers.

Before leaving this morning the jury selected Jay Wadsworth as foreman and D. H. Spencer as clerk. They were ordered to report in court next Wednesday at 9 a. m. on the work accomplished up to that time.

Before the jury begins revising the assessment roll they must hear testimony as to damages claimed by Sherman Shaw from water that will overflow his land in the rainy season by the construction of a dam at the mouth of Sand creek lateral. The banks of this lateral are sand and it is feared much of the sand will wash into the main ditch unless something is done to hold it back; for this purpose, according to the commissioners' specifications, it is proposed to erect a dam, reservoir and spillway at the mouth of the lateral. The commissioners claim there will be no damage from the construction of the dam but Mr. Shaw entertains a different opinion.

HISTORICAL SOCIETY WAS REORGANIZED

OFFICERS WERE ELECTED AT A MEETING AT CITY HALL TUESDAY EVENING.

The Lee County Historical society was reorganized at a meeting of interested ones at the city hall Tuesday evening, and as soon as the new organization is completed by the adoption of a constitution and by-laws, for the compilation of which a committee was appointed, the collection of data on the history of Lee county will be begun. The following officers were elected: President, E. E. Wingert; Vice President, George C. Dixon; Corresponding Secretary, Mrs. D. N. Law; Secretary-Treasurer, J. B. Lennon. C. C. Dixon, W. R. Snyder and Daniel McKinney were appointed a committee to prepare the constitution and by-laws.

AURORA MAYOR MAY WIPE OUT THE FORCE

HARLEY SAYS POLICE DEPT. IS HONEYCOMBED WITH DISLOYALTY

Aurora, Ill., Nov. 16—Mayor James E. Harley, in an announcement today, said that he had discovered the police department was honeycombed with disloyalty to the city and declared that if necessary he would discharge every member of the force.

No later than last week the mayor said two policemen upon whom he placed reliance, "tipped off" a disreputable house which they were to help raid.

He mayor's statement followed an announcement that he had named Patrolman James Ashford acting chief of police pending a decision by the court on the injunction obtained by Frank Michels restraining Chas. S. McCarty from taking the office.

Business Section Of Clinton Visited By \$300,000 Fire

Entire District Was Threatened By Fire At Early Hour Today

(Special to Telegraph)

Clinton, Ia., Nov. 17—A loss of over \$300,000 was caused by the burning of the buildings and stores of the Clinton Grocery Co., T. M. Goble Co. and he Schall-Hutchinson Candy Co. here early this morning, and for a time the entire business section of Clinton was threatened with destruction.

The fire started at 3 o'clock this morning, its origin being unknown, and within a short time the three properties, which occupy nearly all of one block on Fifth avenue, west of Second street, were a mass of flames. The buildings were old and consequently burned rapidly. No accidents were reported.

FIRST AERO FLEET OF U.S.A. IS READY

WILL FLY TO PERMANENT STATION IN TEXAS THIS MONTH

FIRST FLIGHT IN OUR HISTORY

(Associated Press)

Fort Sill, Okla., Nov. 7—The first aero squadron of the United States Army, designed for use in the field in connection with troop operations, will fly from its temporary station at Fort Sill to its permanent home in San Antonio, Tex., the latter part of this month. Six aeroplanes will make the flight—the first of its kind in this country.

The aerial journey will be made under conditions as nearly like those encountered in actual wartime as possible. The start is expected to be made on Nov. 20. Bad weather or delay in completion of hangars, barracks and quarters at San Antonio, however, may delay the trip. The distance to be covered is 450 miles. Stops will be made at these points in Texas: Wichita Falls, Bowie, Decatur, Fort Worth, Cleburne, Hillsboro, Waco, Georgetown, Austin and possibly at Granger and Empl.

The flight is intended to give a line on just how army aviators may be expected to work during a war. It is desired to test to the utmost the ability of the fliers to follow a previously designated route over unknown country; it will give an opportunity to try the army transport system under stipulated war conditions, since trucks following the aeroplanes will be forced to make an average of eighty miles a day on land; it will test the power of the motors to stand up under service conditions and the resourcefulness and adaptability of the army flying organization, particularly its supply department.

WILSON AGAIN ASKS RESPITE FOR HILLSTROM

TELEGRAPHS UTAH GOVERNOR IN BEHALF OF MAN UNDER SENTENCE.

(Associated Press)

Washington, Nov. 17—President Wilson today telegraphed to Governor Spry of Utah asking him to reconsider the case of Hillstrom, the Swedish I. W. W. worker who is sentenced to be executed on Friday for murder.

The Swedish minister to the United States several weeks ago obtained a respite through the president on the grounds that Hillstrom's trial had been unfair. Hillstrom was later re-sentenced.

Spry Has No Power.

Salt Lake City, Utah, Nov. 16—The governor of Utah has no authority to stay proceedings in the case of Joseph Hillstrom or to give him a new trial. The constitution of the state places the pardoning power with the state board of pardons. The governor may grant a reprieve, in his discretion, until the next session of the pardon board, but for no longer period.

REPORTS OF UNREST IN INDIA, MOST POPULOUS DEPENDENCY, WORRY GREAT BRITAIN.

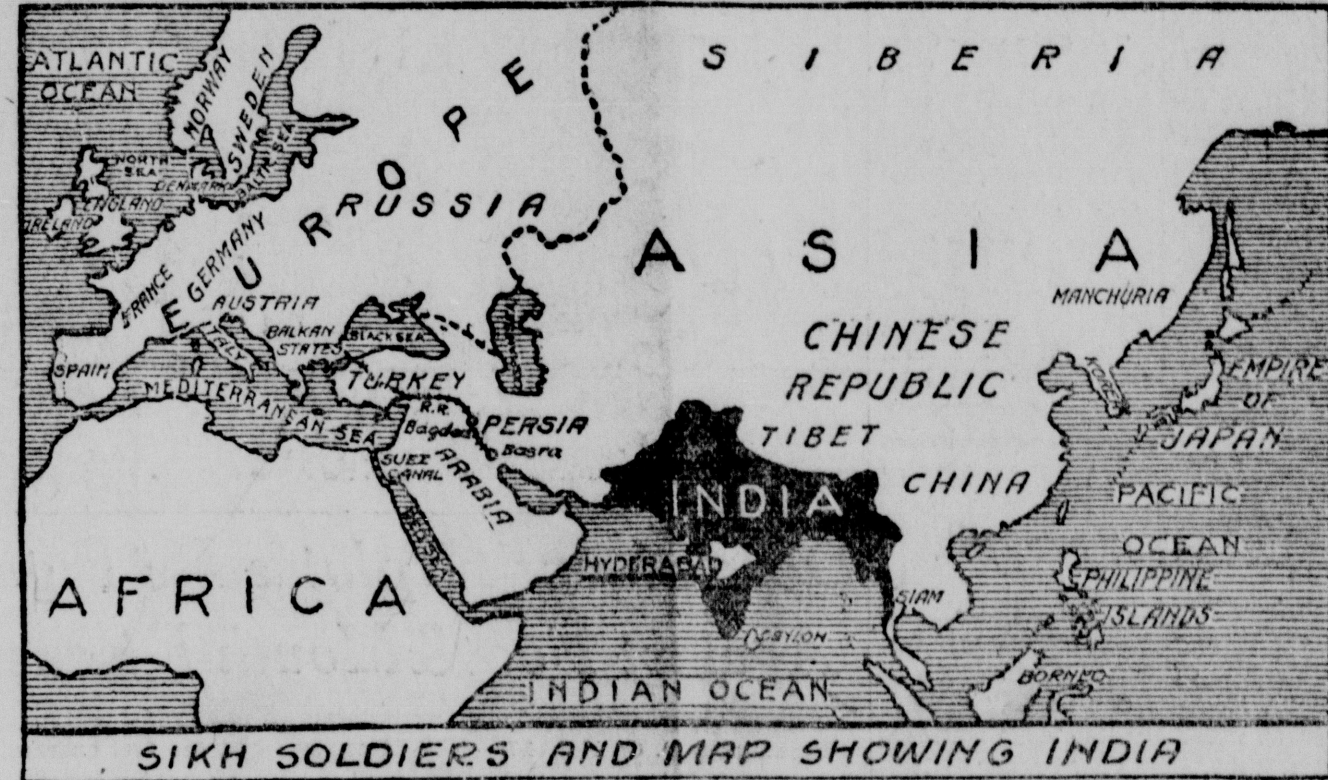

Photo by American Press Association.
(London denies that there is serious unrest in India, but there have been circumstantial reports of trouble in the great dependency, including reports of the deposition by the people of Hyderabad of their ruler, owing to his staunch support of British rule. It was even said that Earl Kitchener, formerly commander of the troops in India, had gone there to quell the disturbances. It is now known, however, that Kitchener has gone to the Balkans. In the past few weeks some German papers have asserted that British rule in India and also in Egypt is seriously menaced by the Teuton-Bulgarian advance in the Balkans.)

APPARATUS ON PLAY GROUNDS OF STATE

STATE BOARD OF ADMINISTRATION BUYS EQUIPMENT FOR INSTITUTIONS.

(Associated Press)

Springfield, Ill., Nov. 17—The state board of administration has just completed the purchase of a large amount of play ground apparatus for use in state charitable institutions. Whirligigs, horizontal bars, swinging chairs and slides form the main part of the purchase.

The apparatus will be placed on the grounds of the Soldiers' Orphans' home at Normal; the state training school for girls at St. Charles; the Lincoln state school and colony for feeble-minded; the St. Charles school for boys and any other institutions where there are persons capable of being benefited by their use.

The members of the board of administration who made the purchase were guided in their selection to a large extent by some of their own youngsters who were asked to explain their preference for slides as compared to swinging chairs or other bits of play ground furniture.

The board for the state hospitals for the insane is considering the addition of sand piles to the equipment of those institutions.

HAD SIMPLE FUNERAL.

(Associated Press)

Tuskegee, Ala., Nov. 17—Booker T. Washington, the noted negro educator, was buried today with simple ceremonies. 8,900 came to Tuskegee to attend the services but only 2500 could get into the chapel. Prominent men from all over the country, both white and black, were present at the services.

Semi-official reports say the Serbians are weakening on the Katchank front, and that they are defending Babuna Pass with only 2,000 infantrymen.

Hospital Ship Sunk

The British hospital ship Anglia has been sunk by a mine in the English channel. 300 of 455 men were saved.

AUTO SPEEDER FINED IN HANNEKEN COURT

L. C. CALLAHAN DROVE H. G. REYNOLDS' CAR TOO SWIFTLY TODAY

Violations of the speed ordinance on the part of drivers of automobiles in the main part of the city, have not been as frequent of late as they were during the summer, although on the outskirts of the city an occasional speeder has been seen flying by, feeling that he was away from the watchful eye of the officers. This morning Officer Lightner's attention was attracted by a swiftly moving car as it shot by at break neck speed. The officer has trained his eye so long on number plates that he can catch the number at a glance. The offender was soon located and appeared at the station and a "speeder's court" was opened by Justice A. H. Hanneken. The car belonged to H. G. Reynolds and was being driven by L. C. Callahan. The driver claimed that he was going only about ten miles an hour, while witnesses testified that the speed was twenty miles or better. The court assessed a fine of \$10 and costs which was paid.

ROUND-HOUSE MAN IS INJURED

Ben Johnson Struck By Bi g Spring At Nelson Tuesday Eve.

Ben Johnson, employed in the C. & N. W. roundhouse at Nelson, sustained injuries while at work at about 9 p. m. Tuesday and was brought here in an automobile and taken to the hospital where his injuries were attended to by the company surgeon. Johnson was repairing an engine and had loosened some bolts holding one of the heavy springs when it struck him forcibly on the right leg. It was feared at first that the bone was fractured, but an examination disclosed only bad bruises.

ON LONG AUTO TRIP.

United States In Austrian Note Asks Light On Ancona

Asks Complete Details - Makes Absolutely No Representations

Washington, Nov. 17—The state department has cabled Ambassador Penfield at Vienna to request from the Austro-Hungarian government complete details of the sinking of the Italian steamer Ancona.

The message was sent after the department had received through the Austro-Hungarian embassy here the statement made by the Austrian ministry of marine, Secretary Lansing said the statement did not contain sufficient information and that Ambassador Penfield had been instructed to get all available details. The request indicates that the state department accepts it as established that the submarine was Austrian.

Secretary Lansing will not make any representations.

WILL LET CRIPPLED BABY DIE UNAIDED

CHICAGO SURGEON REFUSED TO PROLONG DEFORMED CHILD'S LIFE

MOTHER APPROVES DECISION

Operation Would Save Its Life To Live Useless To Everyone

Chicago, Nov. 17—Nature has blundered at the German-American hospital. The error is a malformed baby, which, if it lived, would grow to be a mental, and perhaps a moral defective. Death will be nature's means of righting its mistake.

Dr. H. J. Haiselden, chief of the hospital staff, will allow the baby to die. He will not aid or hasten nature toward the inevitable fatality. His role is that of onlooker.

The baby was born on Friday. A simple surgical operation at birth would have insured its life. The same simple operation now would assure life for the infant. But the surgeon declines to perform the operation. The baby's mother is satisfied. She has given her consent to the baby's death.

Other Children Healthy

The baby is the son of Allen and Mrs. Anna Bollinger. Mr. Bollinger is repair foreman at the Lincoln avenue car barns at Sheffield avenue. He and his wife have three other children—Ida, aged 6; Gilbert 4, and Margaret 2, all fine, healthy children. The last baby—the baby doomed to die—was born after its mother had been seriously ill with typhoid fever. The doctor thinks this fact accounts for its deformity.

Dr. Haiselden boldly champions the right of physicians to snuff out the lives of babies born deformed or with the stigma of imbecility upon them. He not only thinks this is the right of physicians, but a duty they owe to the future. He believes in upbuilding the race by allowing only the fit to survive.

HARMON MAIL MAN SETTLED FOR INJURIES

PAID DOCTOR BILLS OF YOUNG LADY WHOM HE INJURED

Sterling, Nov. 17—Lloyd Swab has made a satisfactory settlement with John Lindquist for injuries received by his daughter nearly a year ago when run into by Mr. Swab's auto. Mr. Swab lives in Harmon and is a mail carrier on one of the rural routes running out of that village. In company with another man from his town he made a trip to Sterling. While passing through Rock Falls he ran his car in some manner into the young lady as she was on the sidewalk, and as a result she received injuries to one of her knees. Her doctor's bills and the hire of a nurse made the bill run up to over one hundred dollars. Each of the parties are entirely satisfied.

LET OUT OF JAIL IN MORN; DRUNK AGAIN

PETER McMAHAN OF MAYTOWN CELEBRATED HIS RELEASE.

After being released from the county jail Monday forenoon after serving a ten days' sentence on a charge of drunkenness imposed by an Amboy justice, Peter McMahan of Maytown, was found along the river bank late in the afternoon sleeping off another "jag." He evidently had sat down near the water and had fallen asleep, for when found his feet were in the water and were benumbed by cold. This morning Justice A. H. Hanneken assessed him a fine of \$3 and costs, and on the promise of a relative to take care of the fine he was directed to make tracks for the depot and depart from the city.

TO REPAIR PLATFORM.

A carload of fine crushed rock has arrived at the Northwestern station to be used in filling depressions in the station platform. The platform at the station is of brick, but the extension east from the baggage room is of crushed stone and heavy trucks have cut it up in places.

THE AUTOMOBILE.

The automobile is a rubber tired cash separator which is being used largely to keep the prosperous American citizens from worrying over how to invest their money.

There are many varieties of cash separators, but the automobile is by far the best. It can go through an ordinarily flush citizen in a very few months and leave very little cash in the tailings. In fact, its work is approached in thoroughness only by the private yacht, the society bug and the private school for girls.

The automobile is driven by gasoline, assisted by water, oil, electricity, wind and gas, and sometimes horses and mules. Some drivers have also used brains with great success, but the supply is too limited to be generally adopted. If every automobile driver were equipped with a small set of brains we would have no more accidents which occur while a car is being driven about 75 miles an hour over the speed limit. An auto consists of an engine with 175 parts, connected by a clutch with 95 parts to a gear box with 75 parts and then to a differential with 50 parts. When all these parts are feeling well and are working together like the old guard republicans in New York, the automobile is said to be in good running order. However, if any individual part of an automobile is feeling convalescent, and will not work at all, the man who wants to sell the machine to you second hand will solemnly swear that

the machine will run like a watch.

Automobiles come in all sizes, including the piker size, the family size, the bank director size and the fool size. A small car with only 12 condensed horses in it can be bought for \$350 and can be driven over the curb and into a tree as successfully as a big car which costs \$5,000 and has tires as fat as elephant's legs.

Automobiles are now very carefully made and are entirely practicable, being used for hauling trunks, transporting passengers and getting rid of the idle rich. Automobiles are made that can run 100 miles an hour, but fortunately others are made which can run two miles an hour and will stop when requested. Very few automobiles break down any more, but the number of owners who break up is steadily increasing. This is because the automobile is no longer a weird hobby, but a badge of prosperity, and a great many people are wearing the badge who can't afford to pay their dues.

Automobiles are more costly now, because they are more reliable, and because hundreds of people are busy every day inventing new things to hang on them. Ten years ago an automobile would go ten miles and then stop a month, because of a fifty-cent breakdown. But now an auto owner will go 200 miles, pay \$35 in fines, wear out \$50 worth of tires, eat \$10 worth of food, knock \$75 out of a \$40 buggy and neglect \$1,000 worth of business all in one day.

The number of automobiles made in this country next year will approach 200,000. This will not supply one-fourth of the people who want them, but after the people who can afford them have bought, there will be 100,000 left, and they will all be sold.

OPERA HOUSE.

"A Mother's Confession," in five parts, with Christine Mayo and Austin Webb, supported by Carrie Reynolds and a Broadway cast, will be presented at the opera house tonight. It is a wonderfully realistic drama of American life and one that teaches a great lesson. A two reel drama entitled "For Professional Reasons" will be shown and also the celebrated Animated Weekly, depicting current events of the world.

FAMILY THEATRE.

There will be an entire change of vaudeville at the Family theatre today, the bill this week being composed of Eddie Riley and the O'Neill Twins in a singing, talking and dancing act. Pickett & Lester, the novelty acrobats that come with the best of recommendations, and Floma, the Squaw Girl, which is something new to the theatre goers of this city. The act is fresh from the big theatres and will be sure to please.

The feature photo play will be, "When a Woman Loves," featuring Emmy Wehler.

Friday night the feature photo play will be "The Clemenceau Case" featuring Theda Bara.

PRINCESS THEATRE.

Theatre goers who attended the Princess last night were more than enthusiastic in praise over the new class of pictures shown by Manager Slothower. They were splendid in every detail and the management deserves credit for affording the public an opportunity to witness these masterpieces for five cents. The program for this evening consists of a four reel Bison drama entitled "The Way Back" with Miriam Nesbit, Frank McGlyn and George Wright in the leading roles, a heart stirring drama of evil oaths reborn. The photo play and the stage settings exceed any ever seen here and with Miriam Nesbit, who is considered one of the foremost stars in filmdom this feature is sure to be above the average.

CONSTANTINE, KING OF GREECE, ARBITER OF PEACE OR WAR.

[Constantine, King of the Hellenes, on whom has rested the decision of peace or war for Greece in these troublous days for the ancient Hellenic country, is the son of King George, who was assassinated at Saloniki on March 18, 1913. Constantine is forty-seven years old and is a soldier by training. Much of his pro-German feeling is attributed to his consort, Queen Sophia, who is a sister of Emperor William of Germany. The heir to the throne is Prince George, born in 1890 and unmarried.]

Department Explains Its Fight Against Foot & Mouth Disease

Washington, D. C., Nov. 17.—The closed area in Illinois under Federal quarantine for foot and mouth disease has been reduced by an order effective November 12th to McDonough county, certain townships in Cook, Lake and Fulton counties and to specified areas surrounding infected premises in LaSalle, Livingston, Bureau, DuPage and Stark counties. With the exception of these closed areas, the territory which remains under quarantine in Illinois has been put by the same order in the restricted classification.

This step, which has been made possible by improved conditions in the quarantined area, will, it is believed, do much to relieve the situation in northern Illinois. The regulations governing the movement of live stock into and from the restricted area are much less stringent than in the case of closed territory. No cattle, sheep, swine or goats may be shipped out of closed areas for any purpose and they may be shipped in for immediate slaughter only. On the other hand, live stock may be shipped at will into restricted areas and may be shipped out for immediate slaughter.

In general, it may be the policy of the Department of Agriculture to place in the closed area all territory in which the disease is known actually to exist. When all the infected or exposed herds have been buried and the premises disinfected, the territory after being under observation for a period is transferred to the restricted area. Because of the danger of latent infection some time must elapse even after disinfection before the change from closed to restricted quarantine can be made. It is also necessary for a considerable period thereafter to keep the quarantine in its restricted form in force, in order that there may be no risk of stockers and feeders carrying the contagion into sections of the country in which the disease has never existed or has been completely eradicated.

When the disease, after having apparently been stamped out a number of months before, reappeared in Illinois in August, investigation revealed the fact that the infected herds had been treated with anti-hog cholera serum and it was considered probable that this serum had become infected with the foot and mouth virus and was responsible for the reappearance of the disease.

If the serum was responsible there was no reason to suspect the existence of the disease except in those herds which had been treated with it.

FARMER CHAMPIONS OLD HICKORY TREE But Is Arrested for Resisting Ruthless Authorities.

Jerseyville, Ill., Nov. 17.—Information was filed in the court of Justice of the Peace J. G. Edwin, in Jerseyville, against Jacob Bauer, a wealthy farmer of Piassa township, charging him with assault. Edward Springman, highway commissioner of Piassa township, filed the information. The case has been set for November 23.

The trouble arose over the felling of an old hickory tree which stands in the road near the Bauer place. The tree is associated with childhood memories of the older people of the locality, and Bauer assumed its championship in the spirit largely that stirred the author of the immortal lines beginning "Woodman, spare that tree."

The highway commissioner determined that the tree was an inconvenience in the road and started to have it cut down. Bauer objected to the removal of the tree. The highway commission says the tree cutters were routed from the place by Bauer with a shotgun.

Pastors Barely Escape Wreck.

East St. Louis, Ill., Nov. 17.—An Illinois Central accommodation train running between East St. Louis and Carbondale narrowly escaped running into the wreck of a freight train. The freight was piled up half a mile north of Freeburg. The passenger train was running two minutes behind the freight. It was stopped a short distance from the wreck.

ONE DOSE RELIEVES A COLD - NO QUININE

"Pape's Cold Compound" ends bad colds or gripe in a few hours.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

THE FLAVOR OF "SPEAR HEAD" IS UNIQUE

A Chew That Has Been Famous for a Third of a Century

HAS THE RICH RED BURLEY TASTE

Chewing is the only way to get the rich taste of the tobacco leaf. And the only form of tobacco in which you get the leaf as Nature made it is the plug form.

A chew of Spear Head plug tobacco has a wonderful flavor such as you never did and never will taste in any other tobacco.

That Spear Head flavor is unique, mellow, fruity, everlastingly delicious and satisfying.

Spear Head has been famous for a third of a century as the richest, tastiest of chews.

It's made of sun-ripened red Burley. And it's produced by the most modern methods, which develop the luscious flavor of the leaf to the supreme degree.

It is safeguarded at every step in its making. The factory is clean and sanitary—the processes are pure-food processes.

When the choice red Burley has been pressed into mellow, sweet Spear Head plugs you have a chew that simply can't be equalled.

Spear Head is the high-quality chew of the world.

Try Spear Head—you'll never again be satisfied with any other chew. In 5c and 10c cuts.

We note—to use the expression of a local news writer—that William John Whalen is "hiking on his way from New York to Cape Horn." How very careful William John is not to try to hike on the water.

This particular writer must have had a brain storm similar to the one he experienced when he gravely announced that the new I. C. bridge would be "twenty-eight feet higher" than the present structure.

Brakeman Lawrence Root of the Sterling passenger, a Dixon boy, after practicing industriously at the shooting galleries on Madison street in Chicago, in which practice he was actually known to hit one of the big targets three times in 27 endeavors, is taking a few days off to hunt ducks, and he has promised every one of the crew on the Sterling a fowl. However, his promises of this kind have been made before—consequently the trainmen have not cancelled their orders for Thanksgiving poultry.

Some Truth.

"The reason why the knocker remains poor is because he gets up at the alarm of a Connecticut clock, but not his Chicago suspenders to Detroit overalls; puts on a pair of cowhide shoes tanned in Massachusetts,

N. L. A. HELD MEETING

A very interesting meeting of the N. L. U. branch of the N. L. A. was held at Moose hall Tuesday evening, with representatives from 40 N. L. U. offices present.

Give your order to George Murray, country circulator and collector for the Telegraph.

Get the Habit of Drinking Hot Water Before Breakfast.

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of leading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infect the bowels; the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

ATHENA Underwear FOR WOMEN AND CHILDREN

is different—a revelation in underwear improvements

Garments not stretched to fit, but tailored to fit; not pulled into shape by the wearer, but tailored into shape by the maker.

As a foundation for perfect gown-fitting Athena Underwear is ideal.

Just let the clerk show you the Seven Special Athena Features

THREE-CORNERED GUSSET—Relieves strain in garment at thigh. Insures greater comfort, longer wear.

PATENTED SEAT—Most notable improvement ever made in underwear designing, so shaped that it clings to the figure in any position.

CURVED-CUT ARMHOLE—Brings the garment snugly to the body, without unnecessary cloth, causing uncomfortable perspiration and tearing the armhole at one's best brock.

PERFECTED SHOULDER-STAY—Keeps garment from stretching across the shoulder, and holds sleeve in place.

FITTED SHOULDER AND SLEEVE—Give natural form to bust and proper tapering to back.

EXTRA-ELASTIC CUFF—Holds the sleeve in place and keeps it from slipping up on the arm.

ATHENA LOW-NECK SLEEVELESS GARMENT is narrowed at back, with extra-full bust—lower in front than at back. No slipping of shoulder-straps down over arms.

Made in 28 shapes and in 38 fabrics.

Athena Underwear costs no more than ordinary underwear

NOTICE TO CONTRACTORS.
No. 176.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of a cement concrete pavement on East River Street in the City of Dixon, Illinois, from the west line of Ravine Avenue Easterly to the east line of the South West Quarter of Section 33, Township 22, Range 9, the same being the east boundary line of said City of Dixon, Illinois, as provided for in Local Improvement Ordinance Number 176, Series of 1915 of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's Office in said City of Dixon, until 10 o'clock in the forenoon on Tuesday, the 23rd day of November, A. D. 1915, and will be publicly opened by the Mayor of said City of Dixon, (who is President of the Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at 10 o'clock in the forenoon of said day. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City of Dixon and publicly declare the same.

The work for which said tenders are invited is the construction of 988.3 cubic yards of filling compact in place; 1729 linear feet of cement concrete curbing 6" wide at top, 5" wide at bottom and 20" deep on foundation of gravel or crushed rock 12" wide and 6" deep; 2300 square yards of cement concrete pavement on foundation of gravel or crushed rock 3" deep when thoroughly compacted into place as provided for in Local Improvement Ordinance No. 176, Series of 1915, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per cent per annum. No bids will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's office, and may also be seen at the office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 9th day of November, A. D. 1915.

After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City of Dixon and publicly declare the same.

The work for which said tenders are invited is the construction of 1412.2 cubic yards of excavation; 1416 square yards of cement concrete roadway 5" thick with foundation of gravel or crushed rock 3" thick; 716 linear feet of cement concrete curbing with expansion joints as provided for in Local Improvement Ordinance No. 174, Series of 1915, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by the Board of Local Improvements and Council of the City of Dixon.

A bond of \$5,000.00 will be required conditioned for the fulfillment of the contract in accordance with the bid held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$4,000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per cent per annum. BULGARS STORM
LINE OF FRENCH

Serb Colonel Who Started Great War Reported Slain.

VICTIM OF HIS OWN TROOPS

In Trial of Assassins of the Austrian Crown Prince He is Said to Have Plotted Work—King Peter in Trench French Win Thirty-six Hour Engagement.

Berlin, Nov. 17.—The First Serbian Territorial Regiment has mutined and killed Colonel Pribitchevitch, who was one of the instigators of the murder of Archduke Francis Ferdinand and his wife. The regiment disbanded and the men went into the surrounding villages.

This dispatch, received by the Overseas News agency, was welcomed here with great joy. When Nedeljko Gaborinovich, who threw the bomb that killed the Austrian crown prince at Sarajevo, was arrested, he declared that Pribitchevitch obtained the bombs and revolvers with which the assassins were armed.

Sirging Bulgars Win.
"Delayed reports from Sofia," says the Overseas News agency, "describe the further victorious advance of the Bulgarians in Serbia."

"French troops on the night of Nov. 13-14 attacked Bulgarian positions on the Vardar River, but by a Bulgarian counter attack were thrown back on the right bank of the Karassu. The Bulgarians took two machine guns and two mountain guns."

"On Nov. 14 French troops that were thrown back on the east bank of the Karassu, south of Velles, were attacked by the Bulgarians, who, singing their famous national anthem, 'Framing Maritza,' stormed and conquered strongly entrenched French positions."

Austrians Advancing.
"The German detachments of General Koeves have advanced on both sides of the road running from Kralievo to Novipazar and have taken 'Uscie,' says the report. 'The Austro-Hungarians further eastward, near Babaria, have crossed the road from Raska to Karsunliya and stormed Serbian trenches on the Lucak mountain. 'Yesterday more than 1,000 Serbians were taken prisoners.'"

French Compelled to Retreat.
Saloniki, Greece, Nov. 17.—After heavy fighting in southern Serbia, the French were compelled to retire at two points in the vicinity of Gradisce, twelve miles north of the Greek border.

A Bulgarian attack along the Cerna river was repulsed with heavy losses to the attackers.

The engagement was in progress with furious intensity for thirty-six hours, after which the Bulgarians were beaten back along the entire front."

Monastir is again in danger, and the diplomatic corps will proceed to Scutari, Albania, instead of to that town.

King Peter in Trenches.
M. Jacobschiff, secretary of the Russian legation in Greece, arrived here from Mitrovitza, western Serbia, having come by way of Albania.

The secretary asserted the Serbians at Babuna pass could not hold out much longer.

"The morale of the Serbians is splendid," he said. "Half-trained recruits march to battle singing like veterans. Their aged King Peter is fighting in the trenches, clad in the uniform of a private. He seeks death, saying: 'When I am killed you can see or surrender.'"

Report Clash of Greeks and French.
Berlin, Nov. 17.—Greek and French troops have clashed at Saloniki, Vienna messages said. The French tried to occupy a Greek ammunition tower and were forcibly prevented from doing so by the Greeks.

Capture 1,000 More Serbs.
Berlin, Nov. 17.—Pursuit of the Serbians continues vigorously," announces the war office of developments west of Nish. "We captured 1,000 more prisoners Monday."

FISHER PUTS COUNTRY FIRST
Sea Lord Refuses to Answer Churchill While War is On.

London, Nov. 17.—Baron Fisher, former sea lord, refused to reply in the house of lords to the attack made up on him by Winston Churchill in commons, but in announcing this decision made a pointed thrust at Churchill.

"I am content to wait before making any explanatory reply," he said. "It certainly is not fitting to make personal explanations while the country is involved in a great war."

Censor Suppresses Shaw Skit.
London, Nov. 17.—The censor has suppressed the new Bernard Shaw play "O'Flaherty, V. C.," announced for production at the Abbey theater in Dublin. The play is a skit on recruiting.

Extra Session Call Nov. 18.
Springfield, Ill., Nov. 17.—Governor Dunne's call for a special session of the legislature will be issued Thursday morning.

OFFICE ROOMS over the Dixon Telegraph office; large, light, finished in oak; modern in every particular. For further particulars enquire at this office or Phone No. 5.

RELIEVES THE WORST
CASES OF CATARRH

Think "Hymei the Most Wonderful Treatment for Catarrh Ever Discovered."

Do not try to cure catarrh by using sprays and lotions; it cannot be cured in that manner. The only way in which this too common disease can be fully relieved is through a direct application to the affected parts that will kill the bacilli of catarrh and prevent their growth.

Breathing the air of Hymei is the only known method of treatment that can really accomplish this. It is the simplest, most pleasant and probably the most reliable treatment for catarrh that has ever been discovered.

The complete Hymei outfit is inexpensive and consists of an inhaler, dropper and sufficient Hymei to last several weeks. This will effect instant relief in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use may be necessary, and then an extra bottle of Hymei can be obtained for a trifling sum. It is not alone the best (it might be called the only) method of treating catarrh, but it is also the most economical.

Rowland Bros. have so much confidence in the power of Hymei to relieve catarrh, that they will for a limited time, sell this medicine under their personal guarantee to refund the money if the purchaser can say that it did not benefit.

SMUGGLING DEVICES

The Hague—New devices for smuggling contraband into Germany are being continually brought to light by the Dutch frontier officials. The latest discovery is that a train load of concrete building blocks bound for Belgium contained several thousand gallons of gasoline. Two blocks were hollow, each one providing a receptacle for eight gallons of oil.

A week ago, a shipment of tombstones required for marking the graves of German soldiers was examined and it was discovered that the tombstones were hollow and fitted with benzine. Several wagonloads had crossed the frontier before the trick was uncovered.

SAGE AND SULPHUR
DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

SECOND KLONDIKE?

Saloniki—The valley of the Pek, in Northern Serbia, which the Germans occupied early in their Serbian campaign, may one day rank with Klondike, for most Serbians believe that it is rich in gold. Though the main deposits have never been located, the peasantry for generations have made a slender income from panning of wash gold, coming, it is believed, from a rich quartz reef far up in the hills.

The total output of gold from the smaller placer workings has averaged about \$15,000 a year for several generations. Occasional nuggets of considerable size have been found, and there is evidence that the Romans drew gold supplies from this region.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR SOFT, GLOSSY, WAVY

25-cent bottle destroys dandruff and doubles beauty of your hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Hard times Social
 The Rebekahs will give a "hard times" social and dance to which the public is invited on tomorrow evening, Nov. 18th, in I. O. O. F. hall.

Walton Entertainment
 An entertainment which is looked forward to with much interest on account of one of its unique features, will be staged in the hall at Walton on Thursday and Saturday evenings of this week. The old family album will be thrown open in stereopticon views, and its revelations commented upon in a lecture by Vincent Griffin, lately of the University of Dallas. The management promises that over 150 faces, familiar to these parts, will appear on the screen as they looked in the days gone by. The pictures will be preceded by an excellent program of song, short sketches and pantomime. The entertainment of Saturday evening will conclude with lunch and dancing for which Acker's orchestra will furnish music.

The program follows:
 Vocal duet, selected—James Dempsey, Roscoe Lally.
 Recitation—"Ise Bad," Anna Grohens.
 Vocal solo—"The Mississippi Cabaret," James Dempsey.
 Monologue—"Adventures of Rueben Hay," Prof. J. E. Morrissey.
 Vocal Solo—"Down at Chattanooga Bay," Roscoe Lally.
 Negro Sketch,—"No News," V. Griffin, Prof. E. J. Morrissey.
 Pantomime—"Dance of the Naiads," Margaret Blackburn, Florence Blackburn, Marie Morrissey, Nana Morrissey, Vee Dempsey, Marcela Grohens, Mary Grohens, Mary Finn.
 Stereopticon, "The Family Album"—Lecture by Vincent Griffin.

At Wild Cat School
 The Wild Cat school in Palmyra, taught by Miss Elizabeth Kennedy will give a box social Friday evening Nov. 19th, to which the public is invited. Conveyances will meet the inturbans at 8 o'clock at the Wild Cat crossing.

An excellent program has been prepared by the pupils as follows:
 Song, Illinois—School.
 Recitation, November—Esther Kested.
 Recitation, Thanksgiving Joys—Mary Hughes.

Recitation, When Mamma Was a Little Girl—Neolo Waldron.
 Song, Lullaby—Bertha Eberly and Bernadine Shawger.
 Dialogue, Mrs. Brown's Visitors—Esther Kested, Inez Kested, Delores and Bernadine Shawger.
 Recitation, When Teacher Gets Cross—Hayes Springer.
 Dialogue, Trials of a Teacher—Six Boys and Girls.

Song, In Grown-up Land—Esther Kested, Mildred Springer and Mary Hughes.
 Recitation, Who's Little Girl—Bertha Eberly.
 Recitation, A Bill of Fare—Forrest Shawger.
 Song, He Loves Me Too—Mildred Hayes and Matilda Springer.
 Recitation, My First Piece—Bernadine Shawger.
 Dialogue, The Train to Mauro—Mildred and Forrest Shawger and Matilda Springer.
 Recitation, Thanksgiving—Orville Hoyle.

Recitation, Animals—Forrest Shawger.
 Recitation, My Wooden Doll—Bess Hughes.
 Song, Illinois—School.
 Farewell—Mary Hughes.

Box Social
 The Lake school of which Miss Nellie Ryan is teacher, will hold a box social at the schoolhouse, two miles southeast of Harmon, Tuesday evening, Nov. 23rd. A program will be rendered before the sale of the baskets. Ladies are requested to bring boxes and all are invited to be present and spend a pleasant evening.

With Mrs. Vest
 The L. L. club will meet tomorrow afternoon with Mrs. R. D. Vest, 113 E. Fourth street.

C. E. Social
 About thirty young people gathered at the home of Harry Lewis on the Pump Factory road Tuesday evening and enjoyed a very pleasant evening under the auspices of the Emmanuel Christian Endeavor society. The society meets every other Sunday evening at 7 at the Emmanuel church. Our object is to promote an earnest Christian life among its members and others, to train them in the church, to increase their mutual acquaintance, and in every way make them more useful in the service of God. Arthur J. Meierhoff, Pastor.

Phidian Art Club
 Mrs. C. B. Morrison entertained the Phidian Art club at her home in Bluff Park Tuesday afternoon, and a most enjoyable meeting was held. Mrs. Morrison, H. Vail and Mrs. Louise Steel, who represented the Phidian Art club at the recent State Federation meeting in Rockford, were present and added much to the program by their reports of that enthusiastic convention, which 1200 women attended at every session.

The program for the afternoon was opened by Mendelssohn's "Oh, For the Wings of a Dove," charmingly sung by Mrs. Katherine Ballou, with Mrs. Lee Read as accompanist. The reports of the convention followed. All Rockford had virtually made itself one large reception committee for the club women; the best homes in the city were thrown open to their use, the Nelson House, one of the best hotels closed its doors to travel men in order that all the club women could be accommodated, and everything was done to make their stay agreeable. A very elaborate reception was that given by the faculty of the Rockford college to the federation members, \$700 having been appropriated by the college for that purpose. And the sessions of the convention, with the talented speakers, were very inspiring. Mrs. Steel's paper upon "Artistic Boston," followed.

The paper dwelt principally upon the art works in the Boston public library and the art museum. The mural decorations by Abbey portraying the quest of the Holy Grail, the works of Sargent of Purvis de Chavennes were vividly described. The Boston Art Museum is the repository of much that is great in the world of art, beautiful collections of paintings, sculpture, etc., of the world's famous artists having been installed from time to time, with a particularly large collection of much that is best in the American field of art.

The reading of the poem, "The Builders," by Mrs. C. P. Reid, was postponed until another meeting because of the length of the program. A delightful social hour followed the program.

The next meeting will be one of great interest to be marked by an address by Dr. R. H. Bennett of Chicago, who is the father of Mrs. Morrison H. Vail. The meeting will be held in the evening at the Presbyterian church and the members are privileged to bring guests.

Social Evening
 The monthly social meeting of the U. S. W. V. and the auxiliary camp of ladies was held last evening in Miller hall, with a large number present from both organizations. Gay with fls and huntings, baskets of red barberries and red carnations, the hall was very festive, indeed. Euchre formed the pastime for the evening until the serving of delicious refreshments by the entertainment committee, consisting of Mesdames Miller, Holt, and Cushing.

Sunshine Class Meeting
 The Sunshine class of St. Paul's Lutheran church will hold their regular monthly meeting with Mrs. Marie Embody, 626 Second street on Thursday evening, Nov. 18th. Mesdames Marie Embody, Florence Whitish and Dora Fruin will act as hostesses. A good attendance is desired an dit is requested that the members bring their penny offerings.

With Mrs. Phillips
 Mrs. A. E. Elliott's section of the Ladies' Aid society of the Methodist church will meet Thursday with Mrs. R. R. Phillips, 122 Third street.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, headachy, sick, for sour stomach, bad breath, bad colds.

Get a 10-cent box.
 Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have head ache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

Congregational Missionary
 The Congregational Missionary society met Tuesday afternoon with Mrs. Altenderfer. A goodly number were present and an interesting meeting enjoyed. Mrs. Greve led the study lesson the fifth chapter of "Redman's Land," and also gave a vocal solo very charmingly. Refreshments of a dainty and appetizing nature were served by the hostess, assisted by Mrs. Thomas.

Dixon Talent in DeKalb
 DeKalb Chronicle:—Dixon talent will appear in a concert at the East Pierce church next Sunday. Miss Rilla Webster is the reader, Miss Fern Senneff the cornetist and Miss Vivian Graves is the soloist.

Miss Webster is a graduate of Dixon's school of oratory and is a fascinating reader and impersonator. Miss Senneff is a student at the conservatory of music in Chicago and plays the cornet with unusual ability. Miss Graves is one of Dixon's sweetest singers. The entertainment will be given under the auspices of the Loyal Workers Sunday school class and there is no admission. A free will offering will be taken at the door.

ITS WORK IS CUT OUT FOR IT.

A Washington correspondent outlines the following work for congress at the session beginning early next month:

1. War preparedness—plans for the increase of the army and navy; the Garrison and Daniels programs, including the question of whether the government will manufacture its own armor plate and projectiles, and the establishment of the proposed scientific laboratory for naval research work.
2. Revenues—How the money shall be raised to meet war preparation; whether by sale of bonds, tariff duties or direct taxation.
3. Tariff—Whether sugar shall retain its duties, and other articles be brought under tariff duties for both revenue and protection; the problem of dye stuffs and other articles cut off by the war.
4. Non-tariff methods of raising revenues—Possible amendment to the income tax law providing that the names of all income taxpayers be made public with the amount they pay in order to check up tax dodging. Possible inheritance tax law following out the recommendations of the Walsh Industrial Relations commission. Representative Cordell Hunt is reported to be working on such a law.
5. Ship purchase—Whether the government shall appropriate for the purchase of a fleet of merchant vessels to aid American and foreign trade and act as naval auxiliaries in time of war.
6. Cloture—Whether the senate shall adopt a rule to limit debate and compel a vote after a reasonable time has been spent in debate.
7. The regular appropriations bills for the civil service.
8. Conservation—Taking up again the consideration of bills for leasing water power on the public domain; regulating the use of water power on navigable streams; leasing and regulation of public grazing lands; leasing of mineral lands; government operation of radium lands.
9. The pork barrel river and harbor bill.
10. An attempt to secure a modification or repeal of the seaman's law.
11. Woman suffrage—The Susan B. Anthony amendment to the constitution of the United States. Already a demonstration of 5,000 women is planned for the opening of congress.
12. The Walsh Industrial Relations commission report—Proposed legislation dealing with unemployment, taxation of land values, child labor, inheritance taxation, etc.
13. Rural credits legislation—Whether the administration will heed the demand of farmers that this frequently postponed subject shall be taken up and acted upon.

Is there any significance in "13"?

TELLING POLO WHERE TO "HEAD IN."

The editor of the Polo Press has been giving his flock a talking to that they will not forget. He is a courageous man, that editor. We know him well and know that he says what he thinks and means what he says, and what he thinks is just about right as a rule. He is ambitious for Polo and in a recent issue of the Tri-County Press he grows a little sarcastic. He says:

"When Polo took the splendid step she did fifty years ago, (going dry) it was the leading city in the county in population, in enterprise and in business activity. It is now third in these same lines. One of two things must be true; either the fact that Polo has no saloons is responsible for her being third in the county or it is due to her snug, complacent, backward-facing, inefficient citizens. That is due to the first—no saloons—no one will seriously contend. 'De conclusion,' as the old darkey said, 'am odious.' We have been so busy bragging about what our ancestors did that we have forgotten to do anything ourselves. It is time that we bestir ourselves if we do not want to be completely outstripped in the race.

"Rochelle has block upon block of brick pavement, and a boulevard lighting system that is a delight, and other improvements. Oregon has laid this summer seven blocks of brick pavement and installed boulevard lights. What have we done? Nothing. What have we done for the past ten years? Nothing except to admit without argument that we are a trifle superior to every other town. We may be and probably are in a lot of other things, but we are not within gunshot of the procession in a lot of other things, two of which we have mentioned above.

"We boast we haven't any debts. Neither have the citizens of Fairmount cemetery. Neither have we any paved streets. It takes about all the tax that may be levied to meet our running expenses at present. It doesn't provide for any improvements that cost any money. Bonds are seemingly the only way out of it. And why not? Brick pavement put in now will be used by the citizens of this city ten or more years from now. Why not let them share a part of the expense? They will share the benefits.

HAD MR. BURKITT BEEN A GERMAN OFFICIAL.

Most things that happen nowadays in war or business are held up to us as a text for preaching the superiority of Germany and the inferiority of everyone else.

But we note that the firing of George Burkitt for commenting upon the president's marriage and his reinstatement by the president do not come in for this mournfully superiority of preachment.

The reason is plain enough. Under the autocratic and petty cruelty of the German system an assistant postmaster criticizing the marriage of the kaiser would have lost his job forever and found a place in jail.

In the midst of consideration of the beauties of the German system let us stop now and then to figure up some of the accompanying disadvantages which have made democratic Europe immovably opposed to it.—Chicago Post.

FAME.

In a few days a statue of Joan of Arc is to be unveiled in New York City.

It will stand in Riverside drive as a memorial to the girl who led a French army to victory and was burned at the stake as a heretic.

But the people of New York will continue to hear more about the statue of Tammany than of the forest maid of Domremy.

BURKITT IS BACK BUT HE IS "RAGGED"

REINSTATED POSTAL EMPLOYEE GIVEN 10 MINUTES TO EAT LUNCH.

George Burkitt, former assistant postmaster of the Winnetka office, walked in yesterday morning at the comfortable hour of 10:30 to inquire for his mail.

"Go back to work," said Postmaster A. M. Kloeffer. Mr. Burkitt smiled and did so.

Mr. Burkitt was discharged several days ago for criticizing President Wilson's betrothal to Mrs. Gail, considering the short time Mrs. Wilson has been dead.

Mr. Burkitt was reinstated on the direct order of the president.

His salary is the same but his duties were changed and his lunch hour on the first day of his return was shortened to ten minutes.

"Outrageous," Says Brother.

"Be back in ten minutes," said Mr. Kloeffer, when Burkitt started for lunch. It is seven minutes walk to Mr. Burkitt's home, and he didn't get his lunch.

"It is outrageous," said his mother. "Is he now to be a victim of petty persecution?"

Burkitt had worked at the money order window before, but yesterday he was assigned to a multitude of tasks in the rear of the office, out of sight of the many who came to see if he had returned to work.

Plans of prominent citizens to wait on Kloeffer with a protest have been dropped since the reinstatement of Burkitt.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone. Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh has been seeking. It's reliable.

INDIANA CLUB WOMAN DIES IN AUTO UPSET

Mrs. L. Nussbaum's Neck Broken When Car Goes Off Bridge.

Anderson, Ind., Nov. 17.—Mrs. Leo Nussbaum, fifty years old, wife of a manufacturer and business man of Marion, Ind., was instantly killed when an automobile in which she was riding, accompanied by her daughter, Miss Selma Nussbaum, twenty-three years old, ran off of the Kilbuck bridge into Kilbuck creek three miles north of this city. Mrs. Nussbaum was president of the Grant County Woman's Suffrage league and had been prominent in club activities in the state, being well known in Marion and Indianapolis in connection with club work. Before it reached the water of the creek the automobile turned a complete somersault. Miss Nussbaum saved herself from serious injury by jumping from the machine just as it veered off the road. She alighted in the creek below the bridge and was able to get out of the water unassisted.

Mrs. Nussbaum was pinned under the front part of the automobile. She was dead when farmers in the vicinity of the accident arrived. It is believed her neck was broken by a spring of the automobile.

BEST MINNESOTA BARGAIN.

About 625 acres of the best land in this state as smooth as a floor and cut on the north by good river (full of fish), and cut on the south by big ditch, just completed, and this ditch is about eight feet deep and shows the best of good yellow clay clear to the bottom. The top soil is the best black sandy loam to be found in Minnesota. The water is pure, and never-failing well on the place, which is occupied by tenant. This farm is as smooth as the best of the Red River Valley it should not be confused with same, as this is near the highest point of land in the state.

There is fair house and also other buildings with some fenced in pasture and also some field in crop, and all the land desired for crop can be broken with tractor and as this is new land one crop of flax will pay for it at the bargain price of \$25 per acre. Five thousand dollars cash will handle the deal and it is near direct line to Duluth, which is the best market in the Northwest.

HEARD IN DIXON

HOW BAD BACKS HAVE BEEN MADE STRONG—KIDNEY PILLS CORRECTED.

All over Dixon you hear it. Doan's Kidney Pills are keeping up the good work. Dixon people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys, act too frequently, or the passages are painful, scanty or off color, use Doan's Kidney pills, the remedy that has helped so many of your friends and neighbors. Follow this Dixon citizen's advice and give Doan's a chance to do the same for you.

Mrs. M. Y. Cox, 614 Van Buren avenue, Dixon, says: "I had a dull heavy ache in the small of my back and it was painful for me to straighten up again. I also had headaches and frequent dizzy spells. I used only one box of Doan's Kidney Pills and they removed the trouble."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cox had. Foster-Millburn Co., Props., Buffalo, N. Y.

Merchants to Their Patrons

\$5,000 OR 100 ACRES TO BE GIVEN AWAY

To buyer of 100 acres under plow, of better than average good soil, for this section, with good set of improvements worth \$5,000, including 8 nicely arranged rooms, with concrete foundation and cellar to hold 1,000 bushels of potatoes. Large Hip Roof Barn with hay fork and litter carriers large machine sheds and other buildings, such as granary, corn cribs, etc., with windmill and tank.

Price \$100 per acre, 1-3 or more cash and at this price it is a better bargain than can be found between here and St. Cloud, but with it we give deed to 100 acres first class pasture and hay land, worth \$50.00 per acre. This is the most desirable 200-acre bargain in this part of the state. Come and see it.

EGYPT HAS NEW SENSATION

Fifty Convicts Are at Work on Roads Without Guards.

Chester, Ill., Nov. 17.—Fifty convicts were taken from the Southern Illinois Penitentiary to Ava, Jackson county, Ill., to construct a new highway from that city to the Mississippi river.

State Senator Keat E. Keller inaugurated the movement for the building of this roadway and the citizens of Ava and vicinity contributed \$2,500 for the maintenance of the convict camp. No guards were sent with the convicts and the officer in charge is unarmed. Each prisoner is allowed one day off his sentence for every two put in on the roads.

JAIL DOCTOR AS AUTO THIEF

Police Believe He Is Ring Leader of Motor Car Robbers.

Sullivan, Ind., Nov. 17.—In the arrest of Dr. Charles W. Pagel, age forty-four, of Chicago, at his private garage, the officers believe they have the ringleader of an organized band of automobile robbers working in this part of the country. Dr. Pagel is in the county jail here, and the charge against him is the theft of a new touring car from the garage of William Hampke, at Carlisle, Saturday night. When arrested in Chicago Pagel was in the act of cutting the number off the motor of the car. The machine was identified there by Lawrence Hampke, son of William Hampke, who accompanied the police.

Pagel, who has an office in Chicago, served one term in the Indiana state prison from Greensburg, Ind., for forgery, the police say.

FRENCH SEIZE JAP STEAMER

Vessel Is Suspected of Carrying Arms to Indian Mutineers.

Peking, Nov. 17.—The Japanese steamship Iro has been held up by a French cruiser and taken into Saigon Bay, French Cochinchina, on suspicion of carrying arms to mutineers in India.

The Iro sailed from Shanghai on Nov. 2, ostensibly for Bombay. It was announced that she was to be sold by her Japanese owners. When the cruiser approached the vessel packing cases were thrown overboard. On boarding her, officers from the cruiser found that the Iro's papers were irregular and there was a shortage in her cargo. A man aboard who had no passport at first represented himself to be an American but later admitted he was a German. He is believed to be a former German consul in China.

Greece Provisioning Submarines?

London, Nov. 17.—Reports received in Rome accuse the Greek government of countenancing the provisioning of the submarines by Greek ships. As a result, the Rome dispatches say, the allies have warned Greece and have threatened to blockade her ports unless the reported provisioning of submarines by Greek vessels is stopped.

Plan Reception to President.

Washington, Nov. 17.—A reception by the Franklin County Democratic club will be included in the program of President Wilson's visit to Columbus, O., Dec. 10. The president has already promised to make two addresses there.

Report \$800,000 Gold Lost.

Rome, Nov. 17.—Eight hundred thousand dollars in gold, on the way to be deposited in the San Francisco treasury to meet war expenses, went down with the Ancona. Bankers here made this announcement.
